

THE CASUALTIES

THE CASUALTIES have been an American punk rock institution for over 25 years. The long-running street punk band have toured almost every corner of the globe on the backs of 9 well-received albums, which have been released on SideOne Dummy, Tribal War Records, Eyeball Records, and more. The band has appeared on massive North American tours as part of the Warped Tour, and have toured with bands, such as **THE EXPLOITED, GBH, CIRCLE JERKS, HATEBREED, CROWBAR, GWAR, MUNICIPAL WASTE, FLOGGING MOLLY, GOATWHORE** and more.

In July 2017, the band announced the departure of frontman Jorge Herrera. The band will fulfill all previously announced dates including the European festival tour in August, the It's Not Dead 2 festival in San Bernardino, CA and North American tour supporting **GBH** this fall with longtime friend David Rodriguez (**STARVING WOLVES, KRUM BUMS**) handling vocal duties.
